Sir:

PETITION FOR SUSPENSION OF ACTION UNDER 37 C.F.R §1.103

Applicant petitions the Patent Office to grant a suspension in the above identified application.

The present case claims priority to provisional application 60/060,066. However, the provisional application failed to list Amy Hetz Wilson as an inventor. Applicant is in the process of requesting under 37 C.F.R. § 1.48(d) that the inventorship on the provisional application be amended to include Amy Hetz Wilson to perfect the claim of priority (a copy of this request is attached as Exhibit A and has been filed separately). Applicant believes that waiting for the outcome of the Request provides good and sufficient cause why the present application should be suspended.

Applicant requests that suspension of action be granted for a period of five months or until the resolution of the Request to Correct Inventorship, whichever comes first.

Enclosed is a credit card payment form in the amount of $130.00 for this petition. If any additional fees are required in association with this response, the Director is hereby authorized to charge them to Deposit Account 50-1732, and consider this a petition therefor.
